Classed as one of a pair, this modern family home stands alone for its refreshing rise, front-to-back hills views, and rear all-weather party perspective insisting it'll be quite the talk of its heart-of-town position?

Young families, first-time buyers, investors, or hills-dwellers seeking a non-compromising downgrade - this Torrens titled design is the only one you'll look up to.

And full marks to a floorplan that serves the teen their quiet time in a downstairs 4th bedroom/study - or perhaps it'll become a cushy private guest wing, home theatre, or creative space beside the secure garage - with valuable internal entry and adjoining under stair, cellar, or cloak storage.
