When you grace OVR in a shroud of garden privacy with a touch of town, a touch of country, and superb work from home potential; those with a little vision will be impressed by what comes next.

A flexible 4-bedroom home that'll reward you handsomely for minimal effort.

And while the exposed brickwork, timber architraves, and traditional leadlight of the 1990s never left, they become the one-percenters to an exciting work of art in waiting for the young family, investor, or those entering the Hill's market.

Drop in and explore.
